

You're invited:

Field Day at Red Bluff Research Ranch

June 4th, 2025, 9:00am-3:30pm
Red Bluff Research Ranch, Bradley Creek Rd,
Norris, MT 59745

Tour will require walking up to ¼ mile.

MSU Extension is hosting an exciting, hands-on field day at the Red Bluff Research Ranch. Come connect with Extension specialists, researchers, and students and gain practical insights that directly impact your land and livestock management. Learn about cutting-edge research in rangeland science and discover effective strategies to tackle weed management challenges.

Topics include:

- Cheatgrass integrated management
- Long-term cheatgrass populations dynamics after fire
- Seasonal sources of soil water used for forage production
- Grass identification
- Mapping vegetation with drones
- Estimating forage production
- Winter nutritional quality of perennial forages

Please Register by May 30th, [\(406\) 287-3282](tel:4062873282) or
Madisonjefferson2@montana.edu
