AI Tools for Business

Presented by Rich Gannon
Montana SBDC Business Advisor
Great Falls Development Alliance

GrowGreatFallsMontana.org

Agenda

- Best Practices for use of AI
- Preview of various AI Tools
  - **Content Creation**
  - **Analyzing Data**
  - **Smart Chat Bots**
  - **Cleaning Spreadsheets & Analyzing Data**

Best practices for using AI

» Don't rely solely on AI. Always double check the answers. "Trust but verify"

» Don't just copy/paste results

» Don't share personal data or confidential information with AI programs – unless they have explicit privacy policies you understand and trust.

Best Practice Tip

Higher quality inputs will result in higher quality outputs.   Work on becoming a "Prompt Engineer"

Write me a [kind of text].
that is [style and tone]
Featuring /highlighting [characteristics]

Write me a 500-1000 word _blog_ that is _funny_ on why _holidays with the in-laws is difficult._
