## **III. Public Comment**

- Public comments from MSU staff on the revocation of remote work for the Bozeman campus.
  - Concerns include:
    - The number of workers has increased since 2019 but the number of workspaces on campus has not increased.
    - Campus parking availability, commuting, and loss of valuable staff could be a problem if remote work is revoked.
    - Life factors may prevent staff from being able to come to work and now there are no options to complete work in a remote setting.
    - A loss of workers from sickness or leaving MSU could lead to a larger workload for other staff.
    - Staff members feel that there has not been a rationale or explanation given as to why remote work has been revoked.
    - Worries were expressed about whether MSU-Bozeman campus can accommodate all remote workers coming back to campus.
  - MSU All Staff Council will work on getting clarification, rationale, and something in writing that is more detailed on this new enactment
- A public comment about the content of the MSUASC webpage and the accessibility of resources on it.
