I. PROJECT SUMMARY

Montana State University (MSU) wishes to commission a student or professional artist to create an original, interactive exterior art installment commemorating students who have died during their time at MSU. The installment should create a meaningful bridge between the living and those who have passed. The art should hold space for both honoring loss while celebrating and uplifting the love and memories that remain. The art should invite reflection, engagement, and a sense of lasting connection.

II. PROJECT BACKGROUND

The Student Memorial is an outdoor gathering space located between the west end of Centennial Mall and the Duck Pond dedicated to commemorating students that have died while attending MSU. The Memorial was originally constructed in 1990 and was updated in 2022 which reflects the student body's desire to create an open and visible memorial space. The Memorial lists the name of each student that has died during their time at MSU since 1990.

III. PROJECT LOCATION

Please reference Attachment A, following page 4.

IV. SELECTION PROCESS

The selection of art will be reviewed by a 6-member committee composed of the university architect, planning manager, 2 members of the Public Art and Artifacts Committee appointed by the committee, 1 Student Memorial Committee member, and 1 student representative.

The selected artist will be required to meet with representatives of the Student Memorial Committee and the Associated Students of Montana State University (ASMSU) to present their installation concept and incorporate committee feedback into the final design.

V. BUDGET

The maximum public art budget for the Student Memorial public art installation is \$20,000.

The Selection Committee through their selection of an artist(s) or artist team for the design, creation, and installation of art procured through this solicitation shall determine how the budget will be utilized, with any remainder being returned to the project art budget.

VIII. CONSIDERATIONS FOR YOUR ARTWORK

- Art reflects the intentions stated for the installation (Section I).
- Art is appropriate for the scale, fit, and experience of each space as defined in Attachment A.
- Art should promote the MSU Public Art and Artifacts Policy's Mission and Intent
 - The proposed art enriches the educational experience for the MSU community.
 - The proposed art is of a subject matter or provides a message of interest for installation on campus.
 - The proposed art is not out of compliance with any relevant laws.
- Quality and Presentation
 - The quality of art refers to the overall accomplishment in the art form and content, and the quality of craftsmanship. Art with its own merit may not be acceptable if they are in contrast with the general aesthetic atmosphere and character of the University.
 - The art must be constructed in a manner that ensures intended longevity. The making of the art should include the use of correct technical processes and materials which have sufficient permanence.
 - Works of art must be presented in a professional manner and demonstrate proficient and practiced art techniques.
 - Works of art must be designed and constructed of durable and appropriate materials.
 - The portfolio of art is of appropriate quality of materials/medium for installation on campus.
